DETAILED ACTION

This office action is in response to the Amendment filed 24 February 2003.

Claim Rejections - 35 USC § 102

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1 and 5 are rejected under 35 U.S.C. 102(b) as being anticipated by Siegrist et al., hereafter "Siegrist" (US 5792483), as stated in Paper No. 4

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 2-4 are rejected under 35 U.S.C. 103(a) as being unpatentable over Siegrist, in view of Rosato's Injecting Molding Handbook (3rd ed.), as stated in Paper No. 4.

Response to Arguments

Applicant's arguments filed 24 February 2003 have been fully considered but they are not persuasive.

Applicants contend that the Siegrist document does not teach the claimed invention because it does not teach a correcting command from one injection operation to the next. This argument is not deemed persuasive because Siegrist teaches adjusting the velocity command

from one cycle to the next (Column 19, lines 36-40; Column 8, lines 63-67 – Column 9, lines 1-2, 12-17). Furthermore, controlling a cycle based on parameters that are set based on the results or corrections gleaned from a previous cycle is a widely-known practice (See Rosato's Injecting Molding Handbook (3rd ed.), page 623).

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
